HDOT ADA Transition Plan  
August 2017

## 1. INTRODUCTION AND HISTORY

The mission of the Hawaii Department of Transportation (HDOT) Office of Civil Rights (OCR) is to eliminate and remedy unlawful discrimination against individuals in HDOT's services and activities, through civil rights programs that ensure department compliance with federal and state anti-discrimination laws, rules, regulations, and executive orders. HDOT's OCR consists of the following civil rights programs:

- Americans with Disabilities Act (ADA)
- Disadvantaged Business Enterprises
- Equal Employment Opportunity/Affirmative Action
- Title VI/Environmental Justice

The ADA is a Federal civil rights laws that prohibits discrimination on the basis of disability in employment, State and local government, public accommodations, commercial facilities, transportation, and telecommunications. Title II of the ADA requires that State and local governments give people with disabilities an equal opportunity to benefit from all of their programs, services, and activities. Title II of the ADA, Section 35.130 General Prohibitions Against Discrimination states:

*“(a) No qualified individual with a disability shall, on the basis of disability, be excluded from participation in or be denied the benefits of the services, programs, or activities of a public entity, or be subjected to discrimination by any public entity.”*

HDOT's policy is consistent with the ADA's general prohibitions against discrimination. The HDOT Departmental Staff Manual, Section 10.3.01 Policy Statement states:

*“It is the policy of the Hawaii Department of Transportation (HDOT) that no qualified individual with a disability shall, on the basis of disability, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination by any program, service or activity of the HDOT.”*

Where structural modifications are required to achieve program accessibility, the ADA requires adoption and implementation of a transition plan. Title II of the ADA, Section 35.150 Existing Facilities states:

*“(d) Transition plan.*

*(1) In the event that structural changes to facilities will be undertaken to achieve program accessibility, a public entity that employs 50 or more persons shall develop, within six months of January 26, 1992, a transition plan setting forth the steps necessary to complete such changes. A public entity shall provide an opportunity to interested persons, including individuals with disabilities or*

HDOT ADA Transition Plan  
August 2017

*organizations representing individuals with disabilities, to participate in the development of the transition plan by submitting comments. A copy of the transition plan shall be made available for public inspection.*

*(2) If a public entity has responsibility or authority over streets, roads, or walkways, its transition plan shall include a schedule for providing curb ramps or other sloped areas where pedestrian walks cross curbs, giving priority to walkways serving entities covered by the Act, including State and local government offices and facilities, transportation, places of public accommodation, and employers, followed by walkways serving other areas.*

*(3) The plan shall, at a minimum—*

*(i) Identify physical obstacles in the public entity's facilities that limit the accessibility of its programs or activities to individuals with disabilities;*

*(ii) Describe in detail the methods that will be used to make the facilities accessible;*

*(iii) Specify the schedule for taking the steps necessary to achieve compliance with this section and, if the time period of the transition plan is longer than one year, identify steps that will be taken during each year of the transition period; and*

*(iv) Indicate the official responsible for implementation of the plan.*

*(4) If a public entity has already complied with the transition plan requirement of a Federal agency regulation implementing section 504 of the Rehabilitation Act of 1973, then the requirements of this paragraph (d) shall apply only to those policies and practices that were not included in the previous transition plan.”*

In 2006, HDOT completed its transition plan. The following is a brief historical description of the HDOT ADA Transition Plan.

- On June 20, 1997, a consent decree required HDOT to adopt and implement a self-evaluation and transition plan that addressed the installation of curb ramps on HDOT streets, roads, and sidewalks.
- On April 21, 1998, the consent decree was amended to expand the scope to address all HDOT facilities, including airports, harbors, and highways facilities.
- On July 13, 2001, the consent decree was amended to make program accessibility, rather than structural removal of all barriers, the applicable standard to determine compliance with Title II of the ADA.
- On January 31, 2006, the consent decree was dismissed based on the successful fulfillment by HDOT of all required work and other requirements of the consent decree.

See Attachment A for a copy of the plan and each consent decree and order.

HDOT ADA Transition Plan  
August 2017

This HDOT ADA Transition Plan is intended to serve as an update to the previous plan. Since the previous plan was deemed successful in achieving program accessibility, this plan focuses on the HDOT policies and procedures that; (1) maintain program accessibility; and (2) ensure newly constructed and altered HDOT facilities comply with the applicable ADA Standards.

HDOT ADA Transition Plan  
August 2017

**2. NOTICE UNDER THE ADA**

Title II of the ADA, Section 35.106 Notice states:

*“A public entity shall make available to applicants, participants, beneficiaries, and other interested persons information regarding the provisions of this part and its applicability to the services, programs, or activities of the public entity, and make such information available to them in such manner as the head of the entity finds necessary to apprise such persons of the protections against discrimination assured them by the Act and this part.”*

HDOT’s Notice Under the ADA provides information regarding employment, effective communication, modifications to policies and procedures, and filing complaints. The notice includes the name and contact information of the HDOT ADA Coordinator.

See Attachment B for a copy of the notice.

HDOT’s Notice Under the ADA is posted on the HDOT OCR ADA website (<https://hidot.hawaii.gov/administration/files/2016/10/HDOT-ADANotice.pdf> and [https://hidot.hawaii.gov/administration/files/2016/10/HDOT-ADANotice\\_AccessiblePDF.pdf](https://hidot.hawaii.gov/administration/files/2016/10/HDOT-ADANotice_AccessiblePDF.pdf)).

### 3. ADA COORDINATOR

Title II of the ADA, Section 35.107 Designation of Responsible Employee states:

*“(a) Designation of responsible employee. A public entity that employs 50 or more persons shall designate at least one employee to coordinate its efforts to comply with and carry out its responsibilities under this part, including any investigation of any complaint communicated to it alleging its noncompliance with this part or alleging any actions that would be prohibited by this part. The public entity shall make available to all interested individuals the name, office address, and telephone number of the employee or employees designated pursuant to this paragraph.”*

HDOT has designated the following employees.

**Curtis Motoyama, HDOT ADA Coordinator**

200 Rodgers Boulevard  
Honolulu, HI 96819  
Phone: (808) 831-7931 [Voice or TTY]  
Email: curtis.s.motoyama@hawaii.gov

**Daryl Fujita, Airports Division ADA Liaison**

400 Rodgers Boulevard, Suite 700  
Honolulu, HI 96819-1880  
Phone: (808) 838-8884 [Voice]  
Email: daryl.a.fujita@hawaii.gov

The ADA Coordinator provides the HDOT Director, Deputy Directors, Division Administrators, Civil Rights Coordinator, Divisional ADA Liaisons and Staff Offices with advice and assistance in all ADA matters. The ADA Coordinator is responsible for the day-to-day operations involving the ADA, supporting and assisting the divisions; and disseminating information for HDOT and shall perform at least the following:

- Developing and revising HDOT policies and procedures to ensure that all HDOT policies, services, and programs are accessible to qualified individuals with disabilities.
- Coordinating, developing, and conducting ADA training for HDOT personnel, contractors, and community groups, including topics such as employment, design standards, and reasonable accommodations for qualified individuals with disabilities.
- Coordinating HDOT’s efforts to ensure ADA compliance, including accessibility to HDOT facilities, programs, services, communication, employment, leases and other accommodations.

HDOT ADA Transition Plan  
August 2017

- Periodically updating HDOT's ADA Self-Evaluation Plan.
- Establishing and maintaining ADA grievance procedures for HDOT and maintaining files of ADA grievances and resolutions.
- Serving as the ADA Coordinator for the Staff Offices of the Administration Division.

The Division ADA Liaison with technical assistance from the ADA Coordinator, provides advice and assistance and perform at least the following:

- Ensure that the Division is in compliance with the ADA.
- Identify, provide, and secure appropriate technical ADA training for the Division.
- Receive, review, log, and forward ADA-related correspondence, inquiries, and complaints to the appropriate staff and advising OCR of the final resolution.
- Coordinate and monitor the investigation and resolution of ADA-related complaints and problems and advises OCR within five (5) working days of the final resolution.
- Maintain a record of ADA-related issues.
- Develop and disseminate pertinent information/guidelines (e.g., ADA guidelines, procedures, etc.) that is unique to the Division's needs to Deputy Directors, Division Administrators, Personnel, OCR, private contractors, and consultants.
- Conduct periodic spot checks of facilities, programs, services, and projects to ensure ADA compliance and providing quarterly reports of the findings within ten (10) working days of the end of the quarter.

HDOT ADA Transition Plan  
August 2017

#### 4. GRIEVANCE PROCEDURE

Title II of the ADA, Section 35.107 Adoption of Grievance Procedures states:

*“(b) Complaint procedure. A public entity that employs 50 or more persons shall adopt and publish grievance procedures providing for prompt and equitable resolution of complaints alleging any action that would be prohibited by this part.”*

HDOT adopted grievance procedures to meet the requirements of the ADA and Section 504 of the Rehabilitation Act of 1973.

See Attachment C for a copy of the grievance policy, procedure, and form.

HDOT’s grievance policy, procedure, and form are posted on the HDOT OCR ADA website (<http://hidot.hawaii.gov/administration/files/2013/01/ada-grievancepolicy.pdf>, <http://hidot.hawaii.gov/administration/files/2013/01/ada-grievanceprocedure.pdf>, and <http://hidot.hawaii.gov/administration/files/2013/01/ada-grievanceform.pdf>).

## **5. FACILITY ACCESS POLICIES AND PROCEDURES**

Title II of the ADA, Section 35.149 Discrimination Prohibited states:

*“Except as otherwise provided in § 35.150, no qualified individual with a disability shall, because a public entity's facilities are inaccessible to or unusable by individuals with disabilities, be excluded from participation in, or be denied the benefits of the services, programs, or activities of a public entity, or be subjected to discrimination by any public entity.”*

HDOT facility access policies and procedures, described in this section, are intended to maintain program accessibility and ensure new construction and alteration of HDOT facilities are accessible to or usable by individuals with disabilities to the maximum extent practicable or feasible.

### **5.1 Reviews of Plans and Specifications**

Section 103-50, Hawaii Revised Statutes states:

*“(a) Notwithstanding any other law to the contrary, all plans and specifications for the construction of public buildings, facilities, and sites shall be prepared so that the buildings, facilities, and sites are accessible to and usable by persons with disabilities. The buildings, facilities, and sites shall conform to the Americans with Disabilities Act Accessibility Guidelines, Title 36 Code of Federal Regulations Part 1191, and the requirements of the Federal Fair Housing Amendments Act of 1988, as established in Title 24 Code of Federal Regulations Part 100, Subpart D, as adopted and amended by the disability and communication access board under chapter 348F.*  
*(b) All state and county agencies subject to this section shall seek advice and recommendations from the disability and communication access board on any construction plans prior to commencing with construction.”*

Advice and recommendations from the Disability and Communication Access Board (DCAB) are provided by means of a comprehensive and technical review of plans and specifications. DCAB issues a final document review letter after DCAB determines that the project's plans and specifications appear to comply with the Americans with Disabilities Act Accessibility Guidelines (ADAAG).

HDOT Highways Division procedures regarding compliance with Section 103-50, Hawaii Revised Statutes are documented in the Highways Division Project Development Manual, Section 7.3.1 DCAB. These procedures specify; (1) submittal of plans to DCAB for review; (2) if DCAB comments are received, then address all comments and submit the revised plans to DCAB for review; and (3) if DCAB has no further comments, then DCAB will provide a document review letter stating that the project is designed in accordance with the ADAAG.

HDOT ADA Transition Plan  
August 2017

HDOT Airports Division policy and procedures regarding compliance with Section 103-50, Hawaii Revised Statutes are documented in the Airports Division Engineering Policy, Procedures, and Standard Documents and the Tenant Improvement Plan Approval. The Engineering Policy, Procedures, and Standard Documents requires all plans to be submitted to DCAB for review and requires the DCAB review to be documented in the Checklist for 100% Design Submittal. The Tenant Improvement Plan Approval includes a section for ADA Compliance, which is used by the Airport ADA Liaison to require tenant improvement plans and specifications to be submitted to DCAB for review.

Listed below are HDOT projects that have received a final document review letter from DCAB for the past ten (10) calendar years.

In 2016, one hundred (100) HDOT projects received a final document review letter from DCAB that states the plans and specifications appear to comply with the ADAAG. See list of HDOT projects below.

- Ala Moana Blvd Pensacola Relief Drain Emergency Repairs
- Aloha Air Cargo Tenant Improvements - Cargo Facility
- Aloha Airlines Cargo Maintenance Hangar
- Aloha Tower Beacon and Frame Repair
- American Airlines TP100 Kiosk Optimization Program
- ATMOS Hangar Lease (DCAB #2016-33) - REC'D/ACCEPTED
- Blind Vendors Ohana Inc. Store
- CDL & Motorcycle License Testing Facility, Examination Site & Office Renovation
- China Airlines Lounge Interior Renovation
- Concrete Pavement Repairs at Pier 39, Honolulu Harbor, Oahu
- Demolish Dinghy Racks at Kawaihae Harbor
- DFS Concessions Improvements - DHE- 2
- DFS Concessions Improvements - DHE- 3 & 4
- DFS Concessions Improvements - DHE 5
- DFS Concessions Improvements - DHE 5
- DFS Concessions Improvements - OST - 19
- DFS Concessions Improvements - OST 18
- DFS Concessions Improvements - OST 2
- DFS Concessions Improvements - OST 3
- DFS Concessions Improvements - OST-8
- DFS Concessions Improvements- OST 4
- DFS Duty Free Concessions Improvements DHE-1
- DFS Retail Concessions Improvements - EC-3
- DFS Retail Concessions Improvements - OST- 6 Hermes
- DFS Retail Concessions Improvements - PRADA
- DFS Retail Concessions Improvements \_EC-2
- Dole Plantation Intersection Improvements

HDOT ADA Transition Plan  
August 2017

- DOT Repair Fuel Management System at Harbors Maintenance Baseyard Honolulu Harbor
- DOT-Harbors: Former Oahu District Office Repairs
- Farrington Highway Drainage Improvements, Vicinity of Princess Kahanu Avenue
- Farrington Hwy. Resurfacing, Vicinity of Kili Drive to Satellite Tracking Station Road
- FedEx Express Open-Air Canopy Dock
- Fort Armstrong Maintenance Contract for Pavement Repairs FY 17 One Year
- Guardian Flight KOA Hangar
- Guardrail & Shoulder Improvements at Various Locations
- Halawa Heights Road Pedestrian Bridge
- Halona Street Bridge
- Hamakua Drive Bikeway Improvements

- Slope Improvements for Erosion Control at Various Sites on Oahu Phase 7
- Streetscape Improvements for Transit Oriented Development-Chinatown
- Traffic Signal Rehabilitation at Various Locations, Kauai
- Waapa Road/Rice Street/Kapule Highway Resurfacing
- Waimea-Kohala Airport, Miscellaneous Improvements
- West Maui Village Off-site Roadway

HDOT ADA Transition Plan  
August 2017

In 2015, one hundred (100) HDOT projects received a final document review letter from DCAB that states the plans and specifications appear to comply with the ADAAG. See list of HDOT projects below.

- Ahukini Road Resurfacing Vicinity Kapule Highway
- Asphalt Overlay at Pier 39 Honolulu Harbor
- Blind Vendors Ohana, Inc. Honolulu Airport Inter-Island Terminal Makai Pier
- Central Oahu Best Management Practices Eroded Slope Repairs Phase 1
- Central Oahu Best Management Practices Eroded Slope Repairs Phase 2
- Culvert Remediation of Various Locations on Oahu Phase 1
- Delta Air Lines Installation of Electrical Conduit, Transformer & Panel at Sky Club
- DOT Harbors Interior Renovations at Pier 11B Offices
- GateGourmet Flight Kitchen
- Guardrail & Shoulder Improvements at Various Locations
- Haleakala Highway Resurfacing Pukalani Junction to Five Trees
- Hana Highway Resurfacing Kaupakalua Road to Huelo
- Harbor Access Road Phase 2
- Harbors Admin Bldg Honolulu Harbor Secure Fire Escapes
- Hawaii Belt Road Rockfall Protection at Laupahoehoe Gulch
- HFFC Fuel Farm Facility at Lihue Airport
- HFFC Kona Fuel Farm Facility Expansion
- HFFC Plant 5 New Office Trailer and Parking Lot
- HIA All Nippon Airways Tenant Space Improvements Relocation to Lobby 8
- HIA Ewa Concourse 3rd Level Roadway Improvements
- HIA Hawaiian Air Room 190A Gate 30
- HIA HNL Concession Improvements Ewa Concourse
- HIA Honolulu Airport Ewa Wing #28-C2 Blind Vendors Ohana Inc
- HIA NDWP DH Site Improvements
- Hilo International Airport Hilo ARFF
- Hilo International Airport Repair Glu-lam Beam
- HNL Consolidated Car Rental Facility
- HNL Consolidated Car Rental Facility Tenant Improvements Advantage
- HNL Consolidated Rental Car Facility Tenant Improvements Hertz
- HNL Consolidated Rental Car Facility Tenant Improvements National
- HNL Delta Air Lines Tech Ops Tenant Improvements for Breakroom Kitchen Renovation
- HNL DF/DP Expansion & Renovation Phase 2
- HNL DF/DP Expansion & Renovation Phase 2
- HNL DF/DP Expansion and Renovation Phase 1
- HNL Starbucks Coffee Baggage Claim C
- Honoapiilani Highway Guardrail & Shoulder Improvements
- Honoapiilani Hwy Resurfacing Plantation Estate Golf Course to Honokohau Bridge

HDOT ADA Transition Plan  
August 2017

- Honoapiilani Hwy Shoreline Improvements at Olowalu
- Horizon Container Yard FY16 One-Year Maintenance Contract for Pavement Repairs
- HPU Student Apartments Alteration of 2nd Floor at Aloha Tower Marketplace
- Hyak Aviation
- Interstate Route H-1 Eastbound, Vineyard Blvd On-Ramp, Lusitana St Connection
- Kahului Airport Access Road Phase 1
- Kalanianaʻole Highway Improvements Phase 1
- Kamehameha V Highway Resurfacing Kapuokoolau to Kamalo
- Kamehameha Highway Kaipapau Stream Bridge Replacement
- Kamehameha Highway Paumalu Bridge Repair
- Kamehameha Highway Resurfacing Dairy Road to Laiewai Bridge
- Kamehameha Highway Safety Improvements Vicinity of Kahana Valley Road to Kaaawa Bridge
- Kamehameha V Hwy Kawela Bridge Replacement
- Kapolei Interchange Complex Phase II
- Kapolei Parkway Kualakai Parkway Intersection Improvements
- Kaulakai Driveway Intersection Improvements Ka Makana Alii Offsite Improvements
- Kaunualii Highway Resurfacing - Waimea Canyon Dr to Waimea River Bridge
- Ko Road Rockfall Mitigation Makai Section Part One

- West Maui Community Credit Union

HDOT ADA Transition Plan  
August 2017

In 2012, sixty-three (63) HDOT projects received a final document review letter from DCAB that states the plans and specifications appear to comply with the ADAAG. See list of HDOT projects below.

- AASF #2 Storage Building
- Design of Bus Stops at Various Locations (FY09) Kalihi, Manoa, Aina Haina, Waikiki, Honolulu)
- Dillingham Airfield Electrical Improvements
- DOT Interstate Route H-1 Airport Viaduct Repair Vicinity Valkenburg St. to Middle St.
- DOT Slope Improvements for Erosion Control at Various Sites on Oahu Phase 5
- Farrington Highway Drainage Improvements Vicinity of Orange Street
- HIA Access Road A Repave and Bridge Repair
- HIA Access Road Pavement Repairs Phase II and Parking Lot Entry Way Repairs
- HIA Interisland Terminal Bldg Reroof
- HIA Loading Replacement Ewa Concourse HNL - Phase 4
- HIA TMP Elliot Street New Employee Parking Lot
- Hilo & Kawaihae Harbors (Hawaii Harbor District) Design & Construction for the Surveillance of Water-side Threats & Critical Infrastructure
- Hilo Harbor Installation of Breasting Bollard at Piers 1 & 3
- Honoapiilani Hwy Pavement Preventive Maintenance Kaanapali Parkway to Honokawai
- Honolulu Harbor Installation of Breasting Bollard at Pier 1-2
- Kahului Airport Replacement of Fire Sprinklers
- Kahului Airport Replacement of Telephone System
- Kahului Harbor Replace Perimeter Road Fence and New Fence at Piers 1 & 2
- Kalaupapa Airport General Construction & Repair Services
- Kapalua Airport General Construction & Repair Services (JHM)
- Kaumualii Highway Lihue Mill Bridge to Rice Street (Hoomana Rd) Phase 1
- Kaumualii Highway Pavement Maintenance Phase 1
- Kaumualii Highway Pavement Maintenance Phase 1
- Kaumualii Highway Pavement Preventive Maintenance Phase III
- Kaumualii Highway Safety Improvements (Vicinity of Kahili Mountain Park to Eleele Road)
- Kawaihae Harbor Pier 2 Terminal Improvements
- Keaau Pahoa Road Intersection Improvements at Old Government Road
- Kealia Beach Village Subdivision
- Keolani Place Improvements (PROW)
- Keolani Place Improvements (PROW)
- Kona International Airport Air Traffic Control Tower Systems
- Kona International Airport ARFF Facility Improvements
- Kona International Airport Replacement of PA & FIDS Systems
- Kuhio Highway Safety Improvements Hanalei Bridge to Waikoko Bridge
- Kuhio Hwy Resurfacing Vicinity of South Koolau Rd to Kapuna Rd

HDOT ADA Transition Plan  
August 2017

- Kuihelani & Honoapiilani Highways Pavement Preventive Maintenance Puunene Ave to Honoapiilani Hwy and Kuihelani Hwy to Kapoli St
- Kumau Street Entrance Improvements at Pier 4 Inter-Island Cargo Terminal (aka Kumau Street Improvements)
- Lanai Airport General Construction & Repair Services
- Lanai Airport LNY ARFF Improvements
- Leeward Bikeway HRS Train Station to Waipio Point Access Road
- Lihue Airport Exhaust Fan Replacement
- Lihue Airport Replacement of ARFF Station Metering Switchboard
- Lihue Airport Restroom Renovation
- Liliha Street Traffic Signal at Kukui Street
- Maipalaoa Bridge Replacement
- Mana Drag Racing Strip
- Maui DOT Baseyard - Small Concrete Equipment Pad for Solar PV Inverter
- Maunaloa Hwy Resurfacing Maunaloa Village to Mahana
- Miscellaneous Best Management practices on Oahu District of Koolau-poko
- Molokai Airport Aircraft Apron Paving
- Nawiliwili & Port Allen Harbors (Kauai Harbor District) Design & Const for the Surveillance of Water-side Threats & Critical Infrastructure
- Nawiliwili Harbor Installation of Breasting Bollards at Pier 2
- Nawiliwili Harbor Replace Fence Fabric & Gate Along Wilcox Rd, Kanoa St, & Waapa Rd
- Pier 31 Shed Demolition
- Rehab of Buildings and Yard Areas at Piers 34 & 35
- Runway Friction Maintenance
- Umauma Stream Bridge Rehabilitation
- Upolu Airport General Construction & Repair Services
- Various Airports in the State of Hawaii Repair of Asphalt Concrete Pavement
- Vineyard Blvd Resurfacing Vicinity of Palama Street to End of H-1 On and Off Ramp
- Waiehu Beach Road Rehab of Iao Stream Bridge
- Waimea Canyon Drive / Kokee Road Resurfacing (Mile Post 6.0 to Mile Post 8.5)
- Waimea-Kohala Airport Aircraft Paving

In 2011, fifty-six (56) HDOT projects received a final document review letter from DCAB that states the plans and specifications appear to comply with the ADAAG. See list of HDOT projects below.

- Ahukini Road Resurfacing Kuhio Highway to Kapule Highway
- Alapai Transit Center Renovation
- Castle Hills Access Road Drainage Improvements Phase 2
- Date Street Bike Path Rehabilitation
- Design of Bus Stops at Various Locations (FY09) Kalihi, Manoa, Aina Haina, Waikiki, Honolulu)

HDOT ADA Transition Plan  
August 2017

- DOT Interstate Route H-1 North Leg Viaduct Deck Repair
- DOT Kaumualii Highway Damage Repairs at Hanapepe River Bridge
- DOT Pedestrian Facilities & ADA Compliance at Various Locations Ewa, Wahiawa, Waialua & Koolauloa
- DOT Pedestrian Facilities & ADA Compliance at Various Locations Ewa, Wahiawa, Waialua & Koolauloa
- DOT Runway Friction Maintenance
- DOT Traffic Operational Improvements Various Locations (Vicinity of Kamehameha Hwy to Mokulele Dr)
- DTS Pedestrian Safety Pilot Study Traffic Improvements at Various Location
- H1 & H2 Upgrade / Replacement of Destination Signs
- Hawaii Belt Road Guardrail and Shoulder Improvements Papaalele to Kaumoalii
- Hawaii Port Infrastructure Expansion Program Hilo Harbor Enhancements (Modification of Traffic Pattern, Widen Kuhio St. Entrance)
- HIA Motorized Gates Replacement
- HIA Runway 3-21 Pavement Improvements
- Hilo International Airport Taxiway Apron Drainage / Airfield Signs, Lights
- Kahuapaani Street Resurfacing
- Kahului Airport Bradley Pacific (Ross Aviation)
- Kahului Airport Pavement Repairs by Rental Car
- Kalaeloa FBI Frontage Improvements
- Kalakaua Ave Bike Lane & Lei of Parks Route 1
- Kamehameha Highway Haialoa Stream Bridge Short Term Deck Repairs
- Kapalua Airport Aircraft Rescue & Fire Fighting (ARFF) Station Expansion
- Kapalua Airport Terminal Bldg Roof Repairs
- Kapiolani Medical Center New Bingham Parking Garage
- Kapule Highway Resurfacing Ahukini Road to Kuhio Highway
- Kaumualii Highway Pavement Marking & Signage Mana to Maluhia Rd
- Kaumualii Highway Pavement Marking & Signage Mana to Maluhia Rd
- Kaumualii Highway Resurfacing Kipu Road to Huleia Bridge
- Keaau Pahoa Road Intersection Improvements at Ainaloa Blvd
- Kokee Road Resurfacing MP 6.00 to MP 8.50
- Kona International Airport Airfield Striping & Misc. Improvements
- Kona International Airport Security Office
- Kona International Airport South Terminal Interim Baggage Claim Improvements
- Kuhio Highway Short Term Improvements
- Lihue Airport Runway Sign, Marking, & Misc. Improvements
- Lydgate Park to Kapaa Bike/Pedestrian Path Phase B
- Maalo Road Guardrail and Shoulder Improvements M.P. 000 to P.P. 295
- Mokapu Saddle Road & Mokapu Blvd Resurfacing
- Mokulele Highway Pedestrian Crossing
- Molokai Airport Electrical Distribution Re-Wiring
- Molokai Airport Taxiway Paving & Misc. Improvements

HDOT ADA Transition Plan  
August 2017

- Pearl City Drying Bed Facility
- Pearl City Drying Bed Facility
- Pier 1 Shed Roofing and Siding Improvements
- Pier 2 Passenger Terminal Enhancements Pkg E Interior Improvements Floor Finishes
- Pier 2 Passenger Terminal Enhancements Pkg F Interior Improvements Walls
- Pier 2 Passenger Terminal Enhancements Pkg G Interior Improvements Furnishings
- Pier 35 Area Geotechnical and Structural Engineering Study
- Piilani Highway Traffic Operation Improvements at Ohukai Road
- Piilani Highway Traffic Operation Improvements at Ohukai Road
- Port Allen Harbor Installation of Lift Station and Force Main
- Port of Kahului Passenger/Cargo Ship Facilities Improvised Explosive Devices
- Volcano Road Intersection and Drainage Improvements

In 2010, fifty-three (53) HDOT projects received a final document review letter from DCAB that states the plans and specifications appear to comply with the ADAAG. See list of HDOT projects below.

- Alapai Transit Center Renovation
- Alapai Transit Center Renovation
- Alapai Transit Center Renovation
- Bus Stop Accessibility Improvements Phase V
- Castle Hills Access Road Drainage Improvements Phase 1
- DOT Installation of Additional Cruise Ship Bollard at Pier 2
- DOT Interstate Route H-1 Kinau Off-Site Ramp Improvements
- DOT Kahului Airport New Passenger Information System Phase 1
- DOT New Passenger Information System Phase II
- DOT Nimitz Highway Rehab of Honolulu Slip Cover & Slip Cover #3
- DOT Pedestrian Facilities & ADA Compliance Vicinity of Old Wakalae Rd. & South King St.
- DOT Sidewalk Improvement Vicinity of Waimea Hofgaard Park
- DOT Temporary Kapaa Bypass Road Repairs at Kainahola Stream Bridge
- DOT Temporary Kapaa Bypass Road Resurfacing Mile Post 0.07 to Mile Post 2.26
- Fort Weaver Road Pavement Preservation Vicinity of Ewa Beach Road to Renton Road
- Haleakala Highway Pavement Preventive Maintenance Kula Junction to Haleakala Crater Road
- Hawaii American Water Pump Station No. 1 Force Main Replacement
- Hawaii National Guard Kalaeloa Bldg 117 to Bldg 1784
- Hawaii Port Infrastructure Expansion Program Hilo Harbor Enhancements (Electrical Work for Check-In Station)

HDOT ADA Transition Plan  
August 2017

- Hawaii Port Infrastructure Expansion Program Hilo Harbor Enhancements (Modification of Traffic Pattern)
- Hawaii Port Infrastructure Expansion Program Pier 2 Passenger Terminal Enhancements Glass Door Replacement
- HIA Building 345 Renovation
- HIA Ewa Concourse Roadway Planter Demolition and Misc. Repairs
- HIA Taxiway RA Pavement Improvements
- HIA TEMP Commuter Phase 1 Tenant Relocation
- Hilo Harbor Radio Bay Access Road Additional Fencing at Pier 1
- Hilo International Airport Access Road Pavement Repair
- Hilo International Airport Taxiway and Threshold Pavement Repair
- Honokaa Baseyard Renovations
- Interstate Route H-1 North Leg Viaduct Deck Repair
- Kahului Airport ARFF Station Misc. Repairs & Improvements
- Kahului Airport HFFC JET-A Storage Facility Office Building
- Kahului Airport Taxi Lane E & General Aviation Markings
- Kalaeloa Airport Hangar 110 Improvements
- Kaunapali Highway Pavement Preventive Maintenance
- Kaunapali Highway Resurfacing Vicinity to Kipu Rd to Anonui St
- Kaunapali Highway Widening at Nuhou
- Kaunapali Highway Widening at Nuhou
- Kealia Beach Village Subdivision
- Kuhio Highway Intersection Improvements at Kapule Highway
- Kuhio Highway Pavement Repairs Kee Beach to Hanalei
- Kuhio Highway Safety Improvements Mile Post 2.98 to Mile Post 5.07
- Lydgate to Kapaa Bike / Pedestrian Path
- Makaha Bridge No. 3 & Bridge No. 3A Replacement
- Mamalahoe Highway Resurfacing Kaupulehu to Palani Rd
- Maui County Bus Stops Queen Kaahumanu Center Transfer Center
- Moanalua Freeway Resurfacing Mile Post 0.00 to Mile Post 0.74
- Pali Highway Repairs Vicinity Laimi Rd towards Puiwa Rd
- Pier 2 Passenger Terminal Enhancements Ground Circulation Improvements
- Pier 24 Storm Drain Remedial Design
- Port Allen Airport Access Road Pavement & Misc. Repairs
- Slope Maintenance for Erosion Control Phase 4
- Volcano Road Pavement Preventive Maintenance Panaewa Bridge to Kea'au

In 2009, seventy-six (76) HDOT projects received a final document review letter from DCAB that states the plans and specifications appear to comply with the ADAAG. See list of HDOT projects below.

- Bus Stop Accessibility Improvements Phase V
- C&C of Honolulu Traffic Control Signalization at Beretania St and Victoria St Intersection of Beretania St / Victoria St

HDOT ADA Transition Plan  
August 2017

- Castle Hills Access Road Drainage Improvements
- Dillingham Airfield Provide & Install Emergency Generator & Misc. Electrical
- Dillingham Airfield Provide & Install Emergency Generator & Misc. Electrical
- DOT Design of Bus Stop ADA Accessibility Improvements Phase V FY08
- DOT Harbors Security Fencing
- DOT Interstate Route H1 Installation of Access Control
- DOT Interstate Route H-1 Seismic Retrofit Pali Interchange & Nuuanu Separation
- DOT Interstate Route H-3, H-3 Finish Unit VIIC
- DOT Materials Testing & Research Facility Renovation
- DOT Nimitz Hwy & Ala Moana Blvd Resurfacing & Hwy Lighting
- DOT Pedestrian Facilities & ADA Compliance at Various Locations Statewide
- DOT Pier 2 Fendering System Reconstruction
- DOT Pier 2A Shed Demolition & Container Yard Improvements at Kawaihae Harbor HI
- DOT Slope Maintenance for Erosion Control at Various Sites on Oahu, Phase 3
- DOT Traffic Operational Improvements at Various Intersections & Roadway (Kahekili Hwy-East/West Hui Iwa)
- DTS Traffic Control Signalization at Various Locations on Oahu Phase X

- Kuhio Highway Kuamoo Rd & Kokee Rd Guardrail & Shoulder Improvements at Various Locations
- Lanai Airport Replace Terminal Air Conditional Units
- Lihue Airport Perimeter Road and Fence
- Mamalahoa Highway Pavement Preventive Maintenance Puuwaawa Ranch to Puuanahulu
- Mercedes of Maui at Hobron Center
- Middle Street Intermodal Center Phase 1B Maintenance/Admin Bldg
- Molokai Airport Misc Repairs for Pavement, Signalization & Safety Area
- North Kona Baseyard Renovations Remove Lead Paint & Upgrade Electrical
- Pier 1 Yard Expansion & Lighting & Utility Improvements
- Pier 23 Warehouse Honolulu Harbor Replace Stairway
- Valkenburgh Street Road Widening Improvements
- Waimea-Kohala Airport Improve Lighting & Pavement Markers
- West Kuillima Drive at Kamehameha Highway
- Wharf Street Shed Demolition

## 5.2 Highways Division Curb Ramp and Sidewalk Design Guidelines

HDOT Highways Division Curb Ramp and Sidewalk Design Guidelines are intended to be consistent with federal and state accessibility requirements for new construction and alteration. The design guidelines address curb ramps, detectable warnings, marked crossings, sidewalks, pedestrian pushbuttons, and driveway aprons. All projects with work within HDOT public right-of-way must comply with the design guidelines. Non-compliance with the design guidelines must be coordinated with the Highways Division. These guidelines are posted on the HDOT OCR ADA website (<http://hidot.hawaii.gov/administration/ocr/state-dothighways-division-ada-related-information/>).

## 5.3 Highways Division Roadway Resurfacing

The U.S. Department of Justice (DOJ) and U.S. Department of Transportation (DOT) joint technical assistance about requirements to provide curb ramps when streets, roads, or highways are altered through resurfacing states:

*"Title II of the Americans with Disabilities Act (ADA) requires that state and local governments ensure that persons with disabilities have access to the pedestrian routes in the public right of way. An important part of this requirement is the obligation whenever streets, roadways, or highways are altered to provide curb ramps where street level pedestrian walkways cross curbs. This requirement is intended to ensure the accessibility and usability of the pedestrian walkway for persons with disabilities.*

*An alteration is a change that affects or could affect the usability of all or part of a building or facility. Alterations of streets, roads, or highways include activities such as reconstruction, rehabilitation, resurfacing, widening, and projects of similar scale and effect. Maintenance activities on streets, roads, or highways, such as filling potholes, are not alterations."*

The HDOT policy regarding ADA compliance on resurfacing projects is documented in the Highways Division Project Development Manual, Section 6.4 Disabilities Act Provisions. This policy states:

*"On all resurfacing projects ADA improvements will be installed up to 20% of the project budget. The goal is to provide as many of the accessible features as possible without exceeding the 20% limit. If the accessible features can be provided for less than 20% you are not required to spend additional funds on ADA features just to reach the 20% limit. The 20% limit applies only to areas where there is pedestrian access."*

In addition, the Highways Division Project Development Manual, Section 6.4 Disabilities Act Provisions provides the following list about ADA Compliance on Resurfacing Projects.

*"1. Review consultant survey report for ADA work to be done within project limits.*

HDOT ADA Transition Plan  
August 2017

- 2. Bring all curb ramps up to current State standards. This may include re-working the gutter fronting the ramp to meet 1:20 requirement.*
- 3. Install quantity & type of ramps as per sht. 1 of State ADA Guidelines.*
- 4. As a minimum, insure that there is a continuous accessible route on one side of the roadway.*
- 5. Connect all bus stops, on BOTH sides of the roadway to accessible route. This may involve providing accessible route sections on the side of the roadway that has not been designated to have the accessible route.*
- 6. Bring all bus stops up to current ADA standards. This may include providing 5 ft. x 8 ft. lift pad landing. If space is not available for lift pad and the bus bay or road is used as the landing provide a ramp to bus stop if needed. If a covered shelter is provided and it does not comply, notify the City in writing on the non-compliance.*
- 7. If sidewalks are provided on both sides on roadway, insure that both sidewalks meet the accessible route current standards.*
- 8. As a minimum cold plane in front of all ramps to prevent having an abrupt lip after resurfacing.*
- 9. Relocate or add pedestrian push buttons and pedestals as per current State ADA details.*
- 10. Relocate drainage catch basins and reconstruct intersections as needed to install ramps per current state ADA details.*
- 11. Relocate pull boxes, manholes, hand-holes, etc. so they are not in the sloped portion of ramps. If this is not possible, replace covers with non-slip type. Adjust all covers flush with grade.*
- 12. Relocated light standards, sign poles, control boxes, etc. as needed to install curb ramps, including flares, and to provide an accessible route."*

HDOT Highways Division Oahu District coordinates with the HDOT ADA Coordinator prior to roadway resurfacing projects to ensure that curb ramps required under Title II of the ADA are ADA compliant. The ADA Coordinator cross references curb ramps within the roadway resurfacing scope of work with the HDOT Curb Ramp Evaluation and ADA Compliance Certifications Reports. Curb ramps that are not included in the reports are surveyed for ADA compliance. Listed below are resurfacing project locations that were reviewed for ADA compliant curb ramps.

HDOT ADA Transition Plan  
August 2017

In 2015, forty-nine (49) locations scheduled for asphalt resurfacing in FY2015 – FY2016 were reviewed for ADA compliant curb ramps, see list below.

- Likelike Highway and Kalihi Street: In the vicinity of H-1, onramp to School Street
- Kaneohe Bay and Mokapu Saddle Road/Boulevard: Nanamoana Intersection to Mokapu Boulevard H-3 onramp
- Farrington Highway: Piliokahi Intersection to Nanakuli Avenue – All lanes
- Farrington Highway: Mohihi Street to Kaukama – 2 inside lanes
- Farrington Highway: Ala Akau Street to Makaha Valley Road – All lanes at various locations
- Farrington Highway: Kili Street to Makau Street – 2 lanes
- Farrington Highway: Makau Street to Keea Beach Park – All lanes at various locations
- Kamehameha Highway, Wilikina, Waiawa: McNair Gate to Kunia Road / Intersection
- H-2: Wahiawa onramp and offramp
- Pali Highway: 2 OB lanes from Nuuanu / Pali to Tunnel
- Pali Highway: St Stevens to Kamehameha Highway Intersection – All lanes
- Likelike Highway and Kalihi Street: Kalihi Street to H-1 and School Street Intersection – All lanes
- Likelike Highway and Kalihi Street: Kamehameha IV Road to H-3 – Right lane
- Kaneohe Bay and Mokapu Saddle Road/Boulevard: Kapaa Quarry Road to H-3 – IB right lane
- H-1: Waialae Viaduct to Ainakoa Avenue – 3 lanes both directions
- H-1: Kapiolani viaduct to Waialae Viaduct – 3 lanes both directions
- Kamehameha Highway / Kahekili: In the vicinity of Kapuhi Street to Pukea Road
- Kamehameha Highway / Kahekili: Various locations at Ke Nui Road to Kawela Bridge
- Kamehameha Highway / Kahekili: Turtle Bay to Kahuku Training Area in various locations
- Kamehameha Highway / Kahekili: Kokololio Bridge to Pokiwi Place
- Kamehameha Highway / Kahekili: EB Kaneohe School Road to Ramp B
- H-1: WB Nimitz Highway onramp to H-1
- Fort Barrette Road: Makakilo Drive to deck onramp to H-1 EB
- Fort Weaver Road: Kunia IC / Fort Weaver Road to Farrington OP
- Fort Weaver Road: Farrington OP to Laulaunui Intersection – All lanes
- Fort Weaver Road: Laulaunui Intersection to Old Fort Weaver Road – All lanes
- Fort Weaver Road: Old Fort Weaver Road to Family Care Center – All lanes
- Fort Weaver Road: Family Care Center to Renton Road – All lanes
- H-2: Wahiawa IC onramp to offramp to bridge deck
- Kalanianaʻole Highway: Olomana Golf Course to Flamingo Street
- Kalanianaʻole Highway: Poalima Street to Inaole Bridge
- Kalanianaʻole Highway: Entrance at Sea Life Park to begin divide

HDOT ADA Transition Plan  
August 2017

- Kalanianaʻole Highway: Makapuu lookout to Hawaii Kai Golf Course
- Likelike Highway and Kalihi Street: Kalihi Street to H-1 and School Street intersection – All lanes
- Likelike Highway and Kalihi Street: Kamehameha IV Road to H-3 – IB right lane
- Kaneohe Bay and Mokapu Saddle Road/Boulevard: Kapaa Quarry Road to H-3 – IB right lane
- H-1: Waialae Viaduct to Ainokoa Avenue – 3 lanes both directions
- H-1: Kapiolani Viaduct to Waialae Viaduct – 3 lanes both directions
- Kamehameha Highway / Kahekili: In the vicinity of Kapuhi Street to Pukea Road
- Kamehameha Highway / Kahekili: Various locations at Ke Nui Road Kewela Bridge
- Kamehameha Highway / Kahekili: Turtle Bay to Kahuku Training Area – Various locations
- Kamehameha Highway / Kahekili: Training Area to Lanihuli Street – Various locations
- Kamehameha Highway / Kahekili: Kokololio Bridge to Pokiwi Place
- Kamehameha Highway / Kahekili: EB Kaneohe School Road to Ramp B
- Kaneohe Bay and Mokapu Saddle Road/Boulevard: Nanamoana Intersection to Mokapu Boulevard H-3 onramp
- Farrington Highway: Piliokahi Intersection to HECO Plant (Keananolo Bridge)
- Farrington Highway: Mohihi Street to Kaukama
- Farrington Highway: Ala Akua Street to Makaha Valley Road – Various locations
- Farrington Highway: Kili Street to Keeau Beach Park – 2 lanes at various locations

In 2014, forty-three (43) locations scheduled for asphalt resurfacing in FY2014 were reviewed for ADA compliant curb ramps, see list below.

- Kamehameha Highway: Paalaa Uka Pupukea Road Intersection
- Farrington Highway: Kaukama Road to Maliona Street
- H-3 – MP 0.0 to concrete pavement at quarry viaduct
- Pali Highway TB, Tunnel to Waokanaka
- Fort Barrette Road: Farrington Highway to Roosevelt Avenue
- H-201 EB Puuloa offramp shoulder
- H-1 Miller Ped OP to Makiki Viaduct
- Fort Weaver Road: Ewa Beach Road to end
- Iroquois Point Road: Keaunui Road to Military Gate
- Renton Road: Kikoo Street to Fort Weaver Road
- H-1 WB Exit 1 Campbell/Barbers Point offramp
- H-1 EB Exit 1A Campbell/Barbers Point offramp
- Kamananui Road: Wilikina Drive to Kamehameha Highway
- Kamehameha Highway: Kamananui Road to Paalaa Uka Pupukea Road
- Kunia Road: Wilikina to Lyman Gate
- Kaneohe Bay Drive: Malae Place to Molo Street

HDOT ADA Transition Plan  
August 2017

- Nimitz Highway: Valkenburgh to Joint Base Gates
- H-1 WB Exit 19A Middle Street offramp, Ola Lane OP to Middle Street North King Street
- H-1 EB Waimalu onramp to Aiea Heights Drive OP
- Kahuapaani street: H-201 to Ulune, to Halawa Valley Road
- Fort Weaver Road: H-1 to Renton Road
- Fort Weaver Road: Onramp to H-1 WB
- H-1 WB Makakilo offramp, Makakilo Drive
- H-1 EB onramp from Kakakilo Drive
- Farrington Highway: MP 3.38 to 4.5 (Keananoio Bridge to Piliokahi Avenue)
- Farrington Highway: MP 6.32 to 7.95 (Mohihi Street to Kaukama Road)
- Kamehameha Highway/JP Leong: Weed Circle to Waimea Bay
- Farrington Highway: Waialua HS to Dillingham Airfield
- Wilikina Drive: Kunia Road to McNair Gate
- Kamehameha Highway: H-2 to Kamananui Road
- Kamehameha Highway: Punaluu Bridge to Crouching Lion
- H-2 onramp from Kamehameha Highway – Waiawa
- H-2: AC overlay MP 1.26
- H-2: Leilehua GC Road onramp and offramp, overpass
- H-2 SB ramp to H-1 EB
- Whitmore Avenue: Kamehameha Highway to end
- Kahekili Highway: Haiku Road to Hygenic Store
- H-1: 6<sup>th</sup> and 7<sup>th</sup> Avenue overpass
- Kalanianaʻole Highway: West Hind Drive to Ainakoa
- H-1 Kapiolani IC: King/Kapiolani/Waialae/Old Waialae
- Kalanianaʻole Highway: Waimanalo Junction
- Kalanianaʻole Highway: Old Kalanianaʻole Highway to Keolu Hills
- Punchbowl Street: Vineyard to H-1

In 2013, seventeen (17) locations scheduled for asphalt resurfacing in FY2014 were reviewed for ADA compliant curb ramps, see list below.

- H-1 WB Radford Dip
- H-1 WB Pearl City Offramp Dip
- H-201 EB Puuloa Offramp Shoulder
- Kamehameha Highway – Radford Drive to Pearl Harbor IC
- H-1 WB Exit 19A Middle Street Offramp, Ola Lane Overpass to Middle Street, North King Street
- H-1 EB from Keehi Interchange through Middle Street Tunnel
- Farrington Highway, Maili
- Fort Barrette Road – Farrington Highway to Roosevelt Avenue
- Fort Weaver IC: South Bound Exit Ramp onto Farrington Highway
- Kamehameha Highway – Vicinity of Paalea Uka Pupukea Road Intersection
- Kunia Road – Wilikina to Lyman Gate

HDOT ADA Transition Plan  
August 2017

- H-1 Kapiolani Interchange: King/Kapiolani/Waialae/Old Waialae
- Kalanianaʻole Highway: Waimanalo Junction
- Kalanianaʻole Highway: Old Kalanianaʻole Highway to Keolu Hills
- H-3 EB Near Mokapu Offramp
- H-3 WB before Quarry Road Overpass
- Kaneohe Bay Drive: Malae Place to Molo Street

#### **5.4 Highways Division Maintenance of Detectable Warnings**

Title II of the ADA, Section 35.133 Maintenance of Accessible Features states:

*“(a) A public entity shall maintain in operable working condition those features of facilities and equipment that are required to be readily accessible to and usable by persons with disabilities by the Act or this part.*

*(b) This section does not prohibit isolated or temporary interruptions in service or access due to maintenance or repairs.”*

HDOT Highways Division Oahu District replaces damaged or missing detectable warnings on HDOT curb ramps when; (1) HDOT roads are resurfaced; (2) HDOT inspectors identify detectable warnings that need maintenance; and (3) the public reports detectable warning mats that need maintenance.

#### **5.5 Bus Shelter Construction within HDOT Right-of-Way**

The City and County of Honolulu accepted HDOT’s blanket approval, which permits the City and County of Honolulu to construct bus shelters within the state highway right-of way. One of the stipulated conditions of the blanket approval requires bus stops and shelters to be constructed in accordance with the latest ADA requirements.

## **6. MONITORING SUBRECIPIENTS**

As an agency that distributes federal funds to public entities, HDOT monitors subrecipients for compliance with Title II of the ADA and Section 504.

### **6.1 County of Hawaii**

The County of Hawaii maintains the following ADA documents, which are posted on the county website (<http://www.hawaiicounty.gov/hr-ada>).

- County of Hawaii Notice Under the ADA.
- Anti-Discrimination and Harassment Policy, which includes the county complaint procedures.
- County of Hawaii Request of Modification Form, which gives any individual with a disability as defined by the ADA a way to request an access improvement to a county facility that has not been subject to any ADA architectural improvements.
- Procedures for Requesting Curb Ramps Form, which gives any person with a disability who is in need of new curb ramps or who is in need of modifications to existing non-compliant curb ramps a way to submit a request to the county.
- Request for Repair of Sidewalk or Other Access Improvement to the Public Right-of-Way, which give people a way to request an inspection and correction where sidewalks are in need of repair, blocked by shrubbery, plant growth, or other debris.

In the Close-Out Order of the Consent Decree, filed in 2012, the parties conferred on the issue of the County of Hawaii's compliance and implementation of the barrier removal required by the self-evaluation and transition plan for accessibility to streets and sidewalks. This case was dismissed with prejudice.

### **6.2 County of Maui**

The County of Maui Notice Under the ADA is posted on the county website (<http://www.mauicounty.gov/DocumentCenter/Home/View/1780>).

The County of Maui maintains grievance procedures to meet the requirements of Section 504 of the Rehabilitation Act and Title II of the ADA. The Grievance Procedures for Complaints of Disability Discrimination and Grievance Form are available from the Office of the Mayor.

HDOT ADA Transition Plan  
August 2017

### **6.3 City and County of Honolulu**

It is the policy of the city to provide equal access for all persons, regardless of disability, to the services, activities, programs, and facilities of the City and County of Honolulu. This policy also includes the city's complaint resolution procedures.

The City and County of Honolulu maintains a curb ramp request form. This form must be filled out by or on behalf of a person with a disability who requires the installation/modification of curb ramps or the modification of existing accessible paths leading to curb ramps within the public right-of-way. This form is available on the city's website ([http://www.honolulu.gov/rep/site/ddc/onlineforms/ddc\\_curb\\_ramp.pdf](http://www.honolulu.gov/rep/site/ddc/onlineforms/ddc_curb_ramp.pdf)).

### **6.4 County of Kauai**

The County of Kauai maintains grievance procedures to meet the requirements of the ADA. These grievance procedures may be used by anyone who wishes to file a complaint alleging discrimination on the basis of disability in employment practices and policies or the provision of services, activities, programs, or benefits by the County of Kauai. The procedure and form are posted on the county website ([http://www.kauai.gov/Portals/0/Mayor/ADA/ADA\\_Complaint\\_Form.pdf?ver=2015-05-18-083846-927](http://www.kauai.gov/Portals/0/Mayor/ADA/ADA_Complaint_Form.pdf?ver=2015-05-18-083846-927)).

## **PUBLIC NOTICE**

*The State of Hawaii, Department of Transportation (DOT) is requesting public comment on its Self Evaluation for the Americans with Disabilities Act (ADA).*

*Interested persons may review copies of the Self Evaluation in its entirety at the DOT Public Affairs Office 869 Punchbowl Street, Room 506, Honolulu; and at the DOT Kahului Airport District Manager's Office, DOT Keahole Airport Manager's Office, Hilo Airport Assistant District Manager's Office, Lihue Airport District Manager's Office, Hawaii Centers for Independent Living, and your local regional public library.*

*Comments should be submitted no later than September 14, 1998. Please send comments and recommendations to:*

*Accessibility Planning & Consulting Inc.  
1154 Fort Street Mall, Suite 206  
Honolulu, Hawaii 96816  
Attn: Mr. Bruce Clark  
Phone: (808) 545-1141      Fax: (808) 531-7737*

*Auxiliary aids and services are available upon request, please contact the DOT ADA Coordinator, Michael Medeiros, Phone (808) 587-2321, Fax (808) 587-2329, TTY (808) 587-2311.*

## ***EXECUTIVE SUMMARY***

***The State Department of Transportation's (DOT) Transition Plan has been developed to fulfill the requirements of the Americans with Disabilities Act of 1990 (public law 101-336) under the implementing regulations for Title II, 28 CFR Part 35 §35.150 (d).***

## **METHODOLOGY**

The DOT's Transition Plan reflects the results of a comprehensive review and survey of the buildings, facilities, programs, and practices that are under the jurisdiction of the Department; who, through its functions, provide these programs and services to the public. The surveying and review identified both programmatic and architectural barriers to persons with disabilities interested in accessing the DOT's programs and services.

## **TIME LINE**

The DOT's Transition Plan identifies those architectural barriers that require modifications to allow independent access to qualified persons with disabilities to the programs and services offered by the DOT. The removal of the barriers has been prioritized into two categories: Priority 1 and Priority 2.

Priority #1 items identifies those barriers whose removal is essential to providing access to specific elements under the jurisdiction of the DOT (i.e. curb ramps, parking stalls, etc.) to access programs not otherwise accessible by modification of programs and practices. Those programs and services, located in buildings and facilities, identified as requiring architectural modifications to provide access to qualified persons with disabilities are included in the Priority #1 listing. All architectural barriers identified as a Priority #1, including those areas identified and requested by persons with disabilities, will be removed no later than December 2002.

Priority #2 items identifies all other architectural barriers whose removal will be completed as planned alterations are made to a specific building or facility, but in no case later than December 2005.

## **PUBLIC COMMENT**

DOT's Transition Plan was made available for public input from December 14<sup>th</sup> through December 18<sup>th</sup> 1998, at the following locations: 1) Hawaii Services on Deafness, 2) Easter Seal Society of Hawaii, 3) Mental Health Association in Hawaii, 4) Hawaii Centers for Independent Living, 5) The Commission on Persons with Disabilities, and 6) Disabilities Rights Hawaii. All comments from the public have been reviewed and if appropriate, incorporated into the Priority #1 barrier removal schedule.

***AIRPORTS DIVISION***

***TRANSITION PLAN***

---

**General:**

In order to ensure programmatic accessibility, all architectural barriers identified below in Priority 1 will be removed as expeditiously as possible, but no later than July 2002. All other identified areas in Priority 2 will be removed no later than July 2005.

**Method:**

The method by which each of the corrective measures will be addressed is for each to be programmed in either the Operating or Capital Project budgets.

**Priority 1**

	Location/Element	Requirement	Est. Design Completion Date	Est. Construction Comp. Date
1	Lihue Airport; Fire alarm system, room ID signs, 3rd floor terminal restrooms, TDD phones, clear floor space and rental car accessible parking	Provide visual fire alarm, tactile/Braille signage, accessible restroom stalls and lavatories, 30' x 48' level/clear space at traffic control buttons and accessible parking at rental car parking lot as required. Contact phone company for	06/24/2000	09/01/2002
2	Port Allen Airport; Accessible parking, signage	Provide accessible parking and tactile/Braille signage as required	06/24/2000	09/01/2002
3	<del>Princeville Airport; Accessible parking, curb ramps, ticket counter height, accessible restrooms, restaurant access, and Helicopter terminal threshold.</del>	<del>Provide accessible parking, curb ramps, 36" counter height, accessible restroom fixtures and smooth out threshold at Helicopter terminal as required</del>	<del>06/24/2000</del>	<del>09/01/2002</del>
4	Honolulu commuter Terminal; protruding objects, curb ramps, drinking fountains, TDD phone signage, counter height	Provide detectable object beneath the protrusions, install curb ramps, install high/low drinking fountains and accessible counters. Contact phone company to supply TDD phones as required	06/24/2000	09/01/2002
5	Honolulu Inter-Island Terminal; accessible restrooms, TDD phones, directional signs, accessible loading zones, fire alarm, protruding objects, and counter height	Provide accessible restrooms, tactile/Braille signage, install accessible loading zone, install visual fire alarm, install detectable object beneath the protrusions and install accessible counters. Contact phone company for supplying TDD	06/24/2000	09/01/2002
6	Dillingham Airport; Accessible parking, accessible restrooms and TDD payphones.	Provide accessible parking and restrooms, contact phone company for supplying TDD phones	06/24/2000	09/01/2002
7	Molokai Airport; Accessible parking and ticket counter height	Provide accessible parking and accessible counters.	06/24/2000	09/01/2002
8	Kalaupapa Airport; Accessible parking, and ticket counter height	Provide accessible parking and accessible counters.	06/24/2000	09/01/2002
9	Kahului Airport; Accessible parking, accessible public restrooms, and counter height	Provide accessible parking, accessible restrooms, and accessible counters.	06/24/2000	06/01/2002

---

10	Hana Airport; Accessible parking, accessible public restrooms, ticket counter height, and TDD phones	Provide accessible parking, accessible restrooms, and accessible counters. Contact phone company for supplying TDD phones	06/24/2000	09/01/2002
11	Kapalua Airport; Accessible parking and ramp.	Provide accessible parking stalls and ramps	06/24/2000	09/01/2002
12	Lanai Airport; Accessible parking, and ticket counter height	Provide accessible parking and accessible counters.	06/24/2000	09/01/2002
13	Hilo International Airport (includes Commuter terminal and Heliport); Accessible restrooms, and protruding objects	Provide accessible parking and install detectable object beneath the protrusions.	06/24/2000	09/01/2002
14	Waimea Airport; Accessible parking, and ticket counter height	Provide accessible parking and accessible counters.	06/24/2000	09/01/2002
15	Upolu Airport; Accessible parking, TDD phone	Provide accessible parking and contact phone company for supplying TDD phones	06/24/2000	09/01/2002
PR	Kona AIR Accessible Route: Baggage claim to Parking Lot - No signage and excessive slope at curb ramp.	1] Display the ISA with a directional arrow indicating the location of the accessible route. 2] Reconstruct curb ramp to comply with ADAAG max slope of 1:12	06/24/2000	09/01/2002
PR	Kona AIR; taxi cab loading zone no curb ramps	Provide curb ramp in compliance with ADAAG	06/24/2000	09/01/2002
PR	Hilo International Airport TTY signage at public phones	Provide additional signage at phone banks indicating TTY phones	06/24/2000	09/01/2002
PR	Molokai Airport TTY signage at public phones	Provide additional signage at phone banks indicating TTY phones	06/24/2000	09/01/2002
PR	Kahului Airport TTY signage at public phones	Provide additional signage at phone banks indicating TTY phones	06/24/2000	09/01/2002
PR	Kona Airport TTY signage at public phones	Provide additional signage at phone banks indicating TTY phones	06/24/2000	09/01/2002
		Indicates projects incorporated into the transition plan at the request of the public.		

## **Priority 2**

The following facilities with architectural barriers as described in the Barrier Identification Survey Reports will be removed no later than July 2005.

A detailed listing of those facilities is available for review through the Departmental ADA Coordinator's Office.

1	Lihue Airport; Elevators, Airport District Office restrooms	Provide accessible elevator controls and accessible office restrooms	06/24/2002	09/01/2005
2	Port Allen Airport; Accessible parking, signage	Provide accessible parking and tactile/Braille signage	06/24/2002	09/01/2005
3	<del>Princeville Airport; Signage, curb ramps, accessible loading zone, accessible water fountains, TDD phone, door hardware &amp; signs,</del>	<del>Provide tactile/Braille signage, install curb ramps, accessible loading zones and accessible water fountains. Contact phone company for supplying TDD phones</del>	<del>06/24/2002</del>	<del>09/01/2005</del>
4	Honolulu commuter Terminal; Room ID signs and sloping floor	Provide tactile/Braille signage and level flooring	06/24/2002	09/01/2005

**R-1, Highways, April 16, 1999**

**R-2, Airports, May 14, 1999**

5	Honolulu Inter-Island Terminal; Elevators, handrails, and door ID signs	Provide accessible elevator, hand rails and tactile/Braille signage	06/24/2002	09/01/2005
6	Honolulu Main Terminal; Elevators, TDD phones, directional signs, handrails, and door ID signs	Provide accessible elevator controls, tactile/Braille signage, contact phone company for supplying TDD phones	06/24/2002	09/01/2005
7	Dillingham Airport; Protruding objects, hand rails, and counter height	Provide detectable objects beneath protrusions, accessible handrails and install accessible counters	06/24/2002	09/01/2005
8	Molokai Airport; Accessible loading zone, accessible entrances at airfreight office and lounge, and restrooms at baggage claim area	Provide accessible loading zone, accessible entrance at air freight office and lounge, and accessible restrooms at baggage claim as required	06/24/2002	09/01/2005
9	Kalaupapa Airport; Signage, accessible loading zone, drinking fountain, fire extinguisher box height, accessible restrooms and protruding objects	Provide tactile/Braille signage, accessible loading zone, install high/low accessible drinking fountains, correct fire extinguisher height, accessible restrooms and detectable object beneath protrusions	06/24/2002	09/01/2005
10	Kahului Airport; Cross walk, curb ramps, loading zones, fire alarm, door ID signs, door hardware, elevators, and hand rails	Provide accessible crosswalk, curb ramps and loading zone, install visual alarm, tactile/Braille signage, install accessible door hardware, elevator controls and handrails	06/24/2002	09/01/2005
11	Hana Airport; Signage, curb ramps, protruding objects, and drinking fountains	Provide tactile/Braille signage, accessible curb ramps, install detectable object beneath protrusions, and install high/low accessible drinking fountains	06/24/2002	09/01/2005
12	Kapalua Airport; Room ID signs, accessible parking, protruding objects, drinking fountains, door hardware, curb ramps accessible loading zone and fire alarm	Provide tactile/Braille signage, accessible parking stalls, install detectable object beneath protrusions, install high/low accessible drinking fountains, install accessible door hardware, curb ramps, & accessible loading zone, and provide	06/24/2002	09/01/2005
13	Lanai Airport; Door hardware, signage, curb ramps, accessible restrooms, and drinking fountains	Provide accessible door hardware, curb ramps, high/low accessible drinking fountains, and accessible restrooms. Install tactile/Braille signage	06/24/2002	09/01/2005
14	Kona International Airport; Room ID signs, access to Moana Loa Helicopter, accessible parking	Provide tactile/Braille signage and accessible parking stalls, and correct accessibility of Moana Loa Helicopter terminal	06/24/2002	09/01/2005
15	Hilo International Airport (includes Commuter terminal and Heliport); Elevators, door hardware and ID signs, and access at lei counter	Provide accessible elevator controls, door hardware and tactile/Braille signage, and install accessible counter as required	06/24/2002	09/01/2005
16	Waimea Airport; Drinking fountain, protruding objects, accessible restrooms, and hand rails	Install high/low accessible drinking fountain, detectable objects beneath protrusions and handrails, and provide accessible restrooms	06/24/2002	09/01/2005
17	Upolu Airport; Accessible parking, TDD phone	Provide accessible parking stalls as required and contact phone company for supplying TDD phones	06/24/2002	09/01/2005

## **PRIORITY 2**

The following facilities with architectural barriers will be removed no later than July 2005.

Seq No.	Location
1	Honolulu Harbor
2	Barbers Point Harbor
3	Kewalo Basin
4	Kahului Harbor
5	Kaunakakai Harbor
6	Hilo Harbor
7	Kawaihae Harbor
8	Nawiliwili Harbor
9	Port Allen Harbor

***HIGHWAYS DIVISION***  
***TRANSITION PLAN***

**General:**

In order to ensure programmatic accessibility, all architectural barriers identified below in Priority 1 will be removed as expeditiously as possible, but no later than July 2002. All other identified areas in Priority 2 will be removed no later than July 2005.

**Method:**

The method by which each of the corrective measures will be addressed is for each to be programmed in either the Operating or Capital Project budgets.

**Requirements:**

The Requirements for these location listed is the same: ***Provide A Curb Ramp In Compliance With DOT Guidelines.*** These locations are considered Priority 1 because they do not have curb ramps provided. Note: A majority of the items are part of a larger alteration project & and exact dates for specific curb ramps are within the time frame of the larger project listed.

Item #246 indicate areas incorporated into the transition plan at the request of the public.

*\* These locations are covered by a project that is estimated to start 6/00, however, the project limits are from Nanakuli to Makaha. A project of this size will not be completed in 3 years and therefore these improvements will not fall within the 3-year Priority-1 time frame. The project should however meet the 6 year Priority-2 deadline which is 6/05. Request from the public for curb ramps at one of these intersections will be handled on an expedited basis.*

In addition to the above listed curb ramps, the following barrier removal have also been classified as Priority-1:

Department of Transportation Building  
869 Punchbowl St.  
Honolulu, HI

Element	Requirement	Est. Begin Construct	Est. End Construct
Front entrance is not accessible due to stairs	Provide signage directing users to accessible entrance at rear of building	1/01	6/02

Existing phone system in elevator is not accessible.	Provide phone system accessible to the hearing impaired.	1/01	6/02
The public restrooms are not accessible.	Provide one accessible bathroom for both sexes and include appropriate signage	1/01	6/02

## **PRIORITY-2**

1. Additional areas of inaccessibility as identified in the Barrier Identification Survey Reports will be removed no later than July 2005. A detailed listing of those facilities is available for review through the Departmental ADA Coordinator's Office.
2. Areas identified in the surveys as providing access but not meeting the latest state standards will be upgraded when a planned resurfacing or widening is performed on the roadway.
3. Buildings under the DOT's jurisdiction: Oahu District, Maui District, Hawaii District, Hawaii MVSO, and Kauai District will be brought into compliance by July 2005.

## TRANSITION PLAN NOTES, REVISIONS, & UPDATES

---

---

**TO:** TRANSITION PLAN FILE  
**FROM:** MICHAEL MEDEIROS, DOT ADA COORDINATOR  
**SUBJECT:** REVISION TO TRANSITION PLAN  
**DATE:** APRIL 16, 1999  
**CC:**

---

### Issue

In the public comment process Mr. John Hartman requested that two areas on the island of Hawaii be looked at in terms of installing curb ramps under Priority-I status, Route 11 – Honalu to Captain Cook, and through Honokaa Town.

Originally it was thought that the Honalu to Captain Cook area was under State jurisdiction and that Honokaa Town was County jurisdiction, therefore, curb ramps for Honalu to Captain Cook were added to the Priority-I list. However, the situation is reversed. Honokaa Town is State jurisdiction and Honalu to Captain Cook is County.

The transition plan has been revised by adding Honokaa Town to the Highways Division's Priority-I list and deleting the Honalu to Captain Cook section.

Revision #1 (R-1) is hereby incorporated into the Department of Transportation's transition plan.

Issue

At the time that the survey was performed, Princeville Airport was under the DOT's jurisdiction. However, as of January 1, 1999 it is a private airport, no longer under state control.

CONSENT DECREE AND ORDER

JUN 26 11 22 AM '97  
LAND/TRANS. DIV.  
DEPARTMENT OF  
ATTORNEY GENERAL

CONSENT DECREE AND ORDER

WHEREAS, Plaintiffs filed this lawsuit in April, 1997 alleging that Defendants Department of Transportation and Kazu Hayashida, in his official capacity as Director of the Department of Transportation (hereinafter referred to collectively as the "DOT"), violated Title II of the Americans with Disabilities Act, 42 U.S.C. Section 12132 et seq. ("ADA Title II") and 28 C.F.R. Sections 35.105(a) [Self-Evaluation] and 35.150(d) [Transition Plan], by failing to

adopt and implement a Self-Evaluation and Transition Plan that adequately addressed the installation of curb cuts on streets, roads, highways, and sidewalks under the jurisdiction of the DOT and otherwise making such streets, roads and highways accessible as required by law; and

WHEREAS, Plaintiffs and the DOT recognize the importance of accessible streets, roads and highways, particularly curb cuts, in enabling individuals with ambulatory disabilities to move freely and independently throughout the State of Hawaii;

NOW, THEREFORE, the parties hereby agree and the Court hereby orders as follows:

1. (a) The DOT shall have a consultant, with recognized expertise in all pertinent areas of the ADA, retained within five (5) months following the date of entry of the Consent Decree provided that, pursuant to the provisions of paragraph 10 below, the DOT may request and the parties may stipulate to allow the DOT additional time. The Consultant may engage by subcontract, or by some other contractual arrangement, one or more engineering firms and/or such other professionals, subject to approval by the DOT, as are necessary to assist the Consultant in the preparation of the Self-Evaluation and Transition Plan in a timely manner.

(b) The Consultant and the Consultant's engineers or other professionals shall consult with and consider input from the DOT Highways Division in the preparation of the Self-Evaluation and Transition Plans.

(c) The DOT shall be responsible for the payment of all fees and costs incurred with respect to the services performed by or at the direction of the Consultant pursuant to this Consent Decree and the Consultant's contract with the DOT.

(d) The Self-Evaluation and Transition Plan shall be prepared in accordance with the requirements of ADA Title II and the United States Department of Justice implementing regulations at 28 C.F.R. Sections 35.105 and 35.150(d), including the requirements regarding public input. In accordance with the provisions of ADA Title II and the Department of Justice implementing regulations at 28 C.F.R. Section 35.150(d)(2), the Transition Plan shall require that the DOT shall first install curb cuts at priority locations as set by federal law.

(e) It is understood and agreed that the Self-Evaluation shall include an evaluation of all the DOT's policies and practices with respect to accessible streets, roads, highways, and sidewalks, particularly with respect to the installation of curb cuts in connection with the reconstruction and resurfacing of streets, roads, highways, and sidewalks to ascertain and/or ensure the compliance of these policies and practices with federal law.

(f) Copies of the draft Self-Evaluation and Transition Plan shall be provided to the DOT Highways Division and said DOT Highways Division shall be allowed thirty (30) days in which to review and submit comments to the Consultant on the draft Self-Evaluation and Transition Plan before finalization.

2. The Self-Evaluation and Transition Plan shall be completed and adopted by the DOT as soon as practicable, with a goal of completing and adopting the Self-Evaluation and Transition Plan within one year after the date of filing of this Consent Decree and Order, but in no event later than 24 months after the date of filing of this Consent Decree and Order.

3. (a) The DOT shall begin recruiting an ADA Coordinator, as required under 28 C.F.R. Section 35.107(a), within one (1) month after the date of filing of this Consent

Decree and Order, and shall use its best efforts to have an ADA coordinator appointed within three (3) months after the filing of this Consent Decree and Order, provided that, pursuant to the provisions of paragraph 10 below, the DOT may request and the parties may stipulate to allow the DOT additional time.

(b) The DOT shall establish grievance procedures, in accordance with 28 C.F.R. Section 35.107(b) as soon as possible, but no later than six (6) months after the date of filing of this Consent Decree and Order. Any grievance or complaint regarding curb cuts or accessible streets, roads, highways, and sidewalks received by the DOT during the period of the preparation of the Self-Evaluation and Transition Plan shall be forwarded to the consultant for review.

(c) After completion of the Transition Plan for the DOT, the DOT shall promptly request funding from the Legislature to accomplish the work set forth in the Transition Plan in order that the work may be completed within the time specified in the Transition Plan. The goal shall be to complete the work at priority locations as set by federal law, to the extent required by 28 C.F.R. Section 35.150(d)(1), within three years of the completion and adoption of the Transition Plan and at other locations, to the extent required by 28 C.F.R. Section 35.150(d)(1), within three years after completion of the work at priority locations, but in no event shall the work under the Transition Plan be completed later than six (6) years after the completion and adoption of the Transition Plan; provided that should implementation of the Transition Plan be delayed due to circumstances beyond the control of the DOT, the DOT may pursuant to the provisions of paragraph 10 hereof, request additional time in which to implement the Transition Plan and the parties may stipulate to such additional time. The DOT shall provide

funding both to accomplish work covered by the Transition Plan, and work on curb cuts which are requested on a priority basis by or on behalf of individuals with ambulatory disabilities; provided that the DOT shall continue its on-going program for installation of curb cuts, including individual requests, during the period of preparation of the Transition Plan.

4. (a) The DOT shall submit to counsel for Plaintiffs copies of the draft Self-Evaluation and Transition Plans before finalization, and copies of the final Self-Evaluation and Transition Plans when they are completed.

(b) During the preparation of the Self-Evaluation and Transition Plan, the Consultant may identify one or more intersections at which it is infeasible to install curb cuts, in whole or in part, for a variety of reasons. These cases will be identified and described in the draft Transition Plan.

5. (a) The DOT shall comply with the terms of the Transition Plan.

(b) Curb cuts shall be installed by and through the State in accordance with the Transition Plan, and shall meet applicable design guidelines, as specified in the Transition Plan, except as otherwise allowed pursuant to the design guidelines.

(c) Contracts with private contractors for the installation of curb cuts will specify that the work shall be done in accordance with such design guidelines.

6. This Consent Decree and Order is not an adjudication upon the merits of the litigation nor shall it constitute evidence in any proceeding. Neither the execution of this Consent Decree and Order by the DOT or the State nor anything contained in this Consent Decree and Order nor any actions taken or to be taken by the DOT or the State hereunder shall

be construed or considered as admissions of liability or any issues of law or fact on the part of the DOT or the State, but are undertaken in the spirit of compromise.

7. (a) In the event that Plaintiffs in good faith believe that the DOT has violated this Consent Decree and Order or the ADA with respect to matters covered by this Consent Decree and Order during the term of this Consent Decree and Order, whether by changing the number of curb cuts to be installed or the timetable for installation as described in the Transition Plan, or by material amendments to the Transition Plan, Plaintiffs shall give written notice of such alleged violation to counsel for the DOT, specifying the grounds that demonstrate such violation. The DOT shall respond in writing to counsel for Plaintiffs within twenty (20) working days. If Plaintiffs believe that the DOT's written response does not demonstrate that the alleged violation has been cured or will be cured within a reasonable time not exceeding forty-five 45 calendar days from the receipt of the written notice from Plaintiffs, counsel for Plaintiffs and the DOT shall meet within fifteen (15) calendar days of the DOT's written response to attempt to resolve the issues in a mutually acceptable manner. Plaintiffs shall not file any motion or motions to enforce this Consent Decree and Order pursuant to the following subparagraph until they have exhausted this dispute resolution process.

(b) If Plaintiffs believe that the DOT has violated this Consent Decree and Order or the ADA with respect to matters covered by this Consent Decree and Order, Plaintiffs may, subject to the foregoing dispute resolution process, file a motion or motions to enforce this Consent Decree and Order seeking the remedy of specific performance. It is agreed, however, that Plaintiffs will not seek an adjudication of contempt of court and that contempt of court will not be imposed upon any officer or employee of the DOT or the State for any alleged violation

of this Consent Decree and Order, except with respect to any court order directing specific performance.

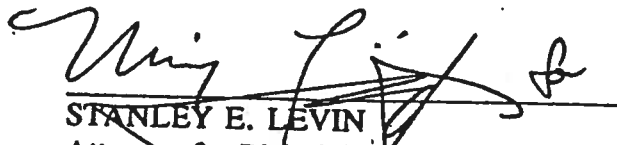

(c) In the event the DOT proposes to amend the Transition Plan after its adoption for any reason, the DOT shall give written notice of such proposed amendment to counsel for Plaintiffs prior to making such amendment. If the proposed amendment makes a material change in the number of curb cuts to be installed or the timetable for installation as described in the Transition Plan and Plaintiffs object to the proposed amendment or if Plaintiffs believe that the proposed amendment violates the ADA or this Consent Decree and Order, Plaintiffs may, subject to the dispute resolution process described above, file a motion or motions seeking to enjoin the DOT from adopting the proposed amendment.

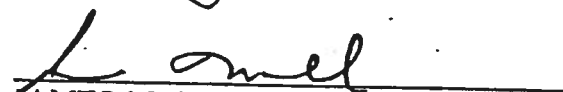

8. The DOT agrees to pay Plaintiffs reasonable attorney's fees and costs incurred up to the date of approval of this Consent Decree and Order by the Court in the amount of \$ 18,000. The parties agree that Plaintiffs shall be entitled to file an application for any attorney's fees and costs incurred by Plaintiffs in connection with (1) a motion or motions seeking to enforce this Consent Decree and Order or enjoin the DOT from amending the Transition Plan; (2) reasonable consultations with Plaintiffs and Defendants on matters covered by this Consent Decree and Order; (3) review of the draft and final Self-Evaluation and Transition Plans; and (4) any dispute resolution process under Paragraph 7 of this Consent Decree and Order. The DOT reserves the right to object to Plaintiffs' fee applications.

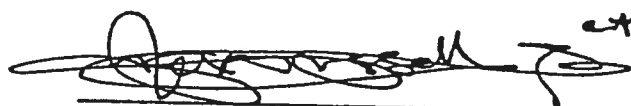

9. The parties agree that the request for a determination that this case proceed as a class action shall be withdrawn and this action shall not proceed as a class action.

10. The Court shall have continuing jurisdiction for the purpose of enabling either of the parties to apply to the Court at any time for such further orders and directions or the assignment of a magistrate as may be necessary or appropriate for the modification, construction or carrying out of this Consent Decree and Order and for the enforcement of compliance therewith. Upon execution and approval by the Court of the Consent Decree and Order, the action herein shall be dismissed without prejudice, with leave to reinstate the action, upon application by either party, in accordance with the Court's continuing jurisdiction as specified herein.

STIPULATION AND ORDER  
REINSTATING CASE TO AMEND  
CONSENT DECREE CERTIFYING  
CLASS ACTION

c:\jn:rusell.stp

STIPULATION AND ORDER REINSTATING CASE  
TO AMEND CONSENT DECREE CERTIFYING CLASS ACTION

This matter having come before this Court on the parties' stipulation that this matter be reinstated as provided in Paragraph 10 of the Consent Decree and Order ("Consent Decree"), filed herein on June 25, 1997, for the limited purpose of applying to this Court for an Order amending the Consent Decree to certify the case as a class action and to include all facilities under the jurisdiction of the State Department of Transportation ("DOT"), including

Airports, Harbors, and Highways; and this Court having reviewed the pleadings herein and this stipulation, the Court hereby makes the following findings:

1. The original Complaint herein was filed as a class action;
2. The parties herein have agreed to expand the scope of the protected parties and the DOT facilities covered by the Consent Decree to conform with the work presently being done by the DOT's ADA consultant which covers DOT Airports, Harbors, and Highways but do not intend to change any of the substantive duties imposed upon the parties by the Consent Decree;
3. The Joinder of all Plaintiffs (i.e., all disabled former and future users of any DOT facility) is clearly impracticable, and therefore the numerosity requirement is satisfied;
4. There are claims and defenses of the representative parties that are typical of the claims and defenses of the class; and
5. Alexa Russell shall be designated the class representative and she meets all of the requirements of Rule 23.

6. Alexa Russell will fairly and adequately protect the interests of the class.

The Court further finds as a prerequisite to approving of this Stipulation, that this class sought does properly fall within Rule 23(b)(2) class in that the party opposing the class has acted or refused to act on grounds generally applicable to the class thereby making appropriate final injunctive relief or corresponding declaratory relief with respect to the class as a whole.

Based upon these stipulations by the parties and the findings of this Court, the Court orders that the scope of the Consent Decree be expanded to cover all DOT Airports, Harbors, and Highways, and furthermore, that the

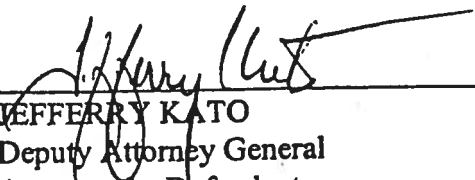

Court orders that this case proceed as a class action under Rule 23(b)(2). It is further ordered by the Court, that because this is a Rule 23(b)(2) action, notice shall be provided to the absent members of the class in the final judgment or settlement document provided in this case.

The class shall be:

All past, present, and future persons protected from discrimination under Title II of the ADA who have encountered, are encountering, or will encounter discrimination from a failure to remove architectural barriers or provide reasonable accommodation at facilities under the jurisdiction of the State Department of Transportation.

SECOND STIPULATION AND ORDER  
REINSTATING CASE TO AMEND  
CONSENT DECREE

c:jn:alexa russell

**SECOND STIPULATION AND ORDER**  
**REINSTATING CASE TO AMEND CONSENT DECREE**

This matter having come before this Court on the parties' stipulation that this matter be reinstated as provided in Paragraph 10 of the Consent Decree and Order ("Consent Decree"), filed herein on June 25, 1997, for the limited purpose of applying to this Court for an

Order amending the Consent Decree to: 1) expand the scope of the Consent Decree beyond curb cuts at all State Department of Transportation ("DOT") facilities, to include all facilities and structures under the jurisdiction of the DOT, including Airports, Harbors, and Highways facilities; and 2) make program accessibility rather than removal of all barriers, the applicable standard to be met, to determine compliance with Title II of the Americans With Disabilities Act ("ADA"). And this Court having reviewed the pleadings herein and this stipulation, the Court hereby makes the following findings:

1. The parties hereto have agreed to expand the scope of the DOT facilities covered by the Consent Decree beyond curb cuts at DOT facilities, to include all facilities and structures under the jurisdiction of the DOT, including Airports, Harbors, and Highways facilities and structures, but do not intend to change any of the substantive duties imposed upon the parties by the Consent Decree;
2. The parties hereto have agreed to make program accessibility rather than removal of all barriers, the applicable standard to be met by the DOT in order to determine compliance with the ADA.

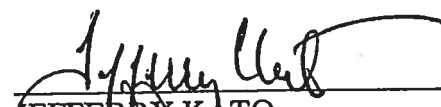

Based upon these stipulations by the parties and the findings of this Court, the Court hereby orders as follows:

1. That the scope of the Consent Decree be expanded beyond curb cuts at DOT facilities, to include all facilities and structures under the jurisdiction of the DOT, including Airports, Harbors, and Highways facilities and structures;
2. That program accessibility rather than removal of all barriers, shall be the applicable standard to be met by the DOT in determining compliance with the ADA;

3. That except as amended above, the substantive duties of the parties will not be affected by this Order.

THIRD STIPULATION AND ORDER  
REINSTATING CASE TO AMEND  
CONSENT DECREE

THIRD STIPULATION AND ORDER  
REINSTATING CASE TO AMEND CONSENT DECREE

This matter having come before this Court on the parties' stipulation that this matter be reinstated as provided in Paragraph 10 of the Consent Decree and Order ("Consent Decree"), filed herein on June 25, 1997, for the purpose of applying to this Court for an Order amending the Consent Decree to: 1) dismiss the Consent Decree based on the successful

fulfillment by the State Department of Transportation ("DOT") of all required work and other requirements of the Consent Decree; and 2) dismiss the above-entitled matter with prejudice based on the total completion of all requirements of the Consent Decree by the DOT. And this Court having reviewed the pleadings herein and this stipulation, the Court hereby makes the following findings:

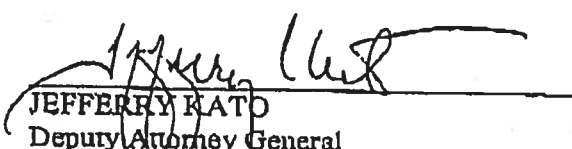

1. The parties hereto have agreed that the DOT has fully satisfied and completed all required work and other requirements of the Consent Decree that was entered herein on June 25, 1997;
2. The parties hereto have agreed to the dismissal of the above-entitled action with prejudice.

Based upon these stipulations by the parties and the findings of this Court, the Court hereby orders as follows:

1. That the terms and requirements of the Consent Decree having been fully satisfied and completed, the Consent Decree herein is dismissed; and
2. That the above-entitled action is dismissed with prejudice.

## NOTICE UNDER THE AMERICANS WITH DISABILITIES ACT

In accordance with the requirements of Title II of the Americans with Disabilities Act of 1990 (ADA), the **State of Hawaii Department of Transportation (HDOT)** will not discriminate against qualified individuals with disabilities on the basis of disability in its services, programs, or activities.

**Employment:** HDOT does not discriminate on the basis of disability in its hiring or employment practices and complies with all regulations promulgated by the U.S. Equal Employment Opportunity Commission under Title I of the ADA.

**Effective Communication:** HDOT will generally, upon request, provide appropriate aids and services leading to effective communication for qualified persons with disabilities so they can participate equally in HDOT programs, services, and activities, including qualified sign language interpreters, documents in Braille, and other ways of making information and communications accessible to people who have speech, hearing, or vision impairments.

**Modifications to Policies and Procedures:** HDOT will make all reasonable modifications to policies and programs to ensure that people with disabilities have an equal opportunity to enjoy all of its programs, services, and activities. For example, individuals with service animals are welcomed in HDOT offices, even where pets are generally prohibited.

Anyone who requires an auxiliary aid or service for effective communication, or a modification of policies or procedures to participate in a program, service, or activity of HDOT, should contact HDOT's **ADA Coordinator, Curtis Motoyama** by email at [curtis.s.motoyama@hawaii.gov](mailto:curtis.s.motoyama@hawaii.gov) or phone at (808) 831-7931 [Voice/TTY] as soon as possible but no later than 48 hours before the scheduled event.

The ADA does not require HDOT to take any action that would fundamentally alter the nature of its programs or services, or impose an undue financial or administrative burden.

Complaints that a program, service, or activity of HDOT is not accessible to persons with disabilities should be directed to HDOT's **ADA Coordinator, Curtis Motoyama** by email at [curtis.s.motoyama@hawaii.gov](mailto:curtis.s.motoyama@hawaii.gov) or phone at (808) 831-7931 [Voice/TTY].

HDOT will not place a surcharge on a particular individual with a disability or any group of individuals with disabilities to cover the cost of providing auxiliary aids/services or reasonable modifications of policy, such as retrieving items from locations that are open to the public but are not accessible to persons who use wheelchairs.

HDOT ADA Transition Plan  
August 2017

ATTACHMENT C

HDOT Grievance Policy, Procedures, and Form

## **Attachment I-1**

### **GRIEVANCE POLICY**

It is the policy of the State of Hawaii, Department of Transportation, to provide equal opportunity to participate and benefit for qualified persons with disabilities, to the services, programs and facilities of the Department of Transportation.

Furthermore it is the policy of the Department of Transportation to encourage the informal resolution of complaints or grievances based on alleged disability discrimination. All attempts shall be made to resolve such matters through informal means at any stage of the process.

The following Grievance Procedure is established to meet the requirements of Section 504 of the Rehabilitation Act of 1973, as amended, and Title II of the Americans with Disabilities Act of 1990. These procedures and accompanying complaint form should be used by individuals wishing to file a complaint alleging discrimination by the State Department of Transportation on the basis of disability, regarding access to the services, activities, programs and facilities of this department.

## **Attachment I-2**

### **GRIEVANCE PROCEDURES**

These procedures are specifically for Complaints of Discrimination in access to Services Programs and Facilities for persons with disabilities.

All Grievances should be in writing and contain as much information as possible about the alleged discrimination (i.e. name, address, phone number, location and description of alleged incident, etc.). The use of the Complaint form is recommended but not required. Complaint forms are available from.

State of Hawaii - Department of Transportation  
Office of Civil Rights  
200 Rodgers Boulevard, Honolulu, Hawaii 96819  
(808) 831-7931 [Voice or TTY]  
(808) 831-7944 [Fax]

The grievant or his/her designee should submit the written grievance, within thirty (30) calendar days of the alleged violation to the above address. Other arrangements for submission of a grievance (i.e. personal interview, large print or tape recording) will be made available for anyone requesting an accommodation.

Within thirty (30) calendar day of the receipt of the complaint, the ADA Coordinator or designee will respond in writing (or other such method as requested (i.e.: large print, audio cassette or TTY) to the complainant and or his/her designee. The response will offer a resolution or explain the position of the Department of Transportation with respect to the complaint.

If the response by the ADA Coordinator does not satisfactorily resolve the issue(s), the complainant or designee may request a hearing not later than fifteen (15) calendar days thereafter. A hearing will be held within thirty (30) calendar days of the date of such request, before the Director of the Department of Transportation or designee at a location based on the specifics of the complaint. Within thirty (30) calendar days of the hearing, the complainant or designee will receive the final resolution in writing (or other acceptable form of communications). In addition, the complainant will be informed of alternate avenues of redress available to the complainant.
